

Loimi-Hämeen Jätehuolto Oy

Loimi-Hämeen Jätehuolto Oy is a waste management company owned by 16 municipalities, providing the services mandated by waste legislation to its owner municipalities. The area has about 130,000 residents.

“We take care of the environment with our services so you could do the same

—
Will you join us?

EXPERIENCE

We have been working for better waste management since 1995. The vision of Loimi-Hämeen Jätehuolto is to grow and further develop its operations and strengthen its position as a leader in the field in good cooperation with public and private sector actors. Waste management services are provided with quality, cost-effectiveness, comprehensiveness, sustainability, and respect for the environment.

Loimi-Hämeen Jätehuolto is part of the LHJ Group, a circular economy group consisting of six companies. The group's turnover in 2023 was approximately €40.7 million.

TRAINING

We have employees from various fields, including logistics, financial management and customer service professionals. Skills and relevant training for the industry are maintained through various training and courses. We have had many interns and summer workers from HAMK who have stayed with us after graduating. Within LHJ Group, you will get about 120 new colleagues upon joining our team.

BENEFITS

- Comprehensive occupational health care and leisure accident insurance
- Culture, sports, and massage benefits available
- Joint trips organized by the leisure committee
- Bicycle benefit
- Good and encouraging work community

SOCIAL RESPONSIBILITY

We hold the Yhteiskunnallinen Yritys -mark and take responsibility for sustainable business. We cooperate with local educational institutions and offer work opportunities for future professionals. We also support the activities of local clubs and associations. We operate under quality, environmental, and occupational safety standards 9001, 14001, and 45001.

OUR VALUES

Curious about new things – Progressively – Serving Responsibly – Efficiently
